Dear Friends,

Thank you for your gift to ChildFund International of \$100.00 for Children's Greatest Needs. Your donation is making a difference for children, families and communities living in poverty in the 30 countries we serve.

In Kenya, approximately half of the country's population of 38 million people don't have access to basic health care, nutritious food, and in particular, access to school. Without adequate schooling, children face an uncertain future, and are less likely to be able to emerge from poverty and find jobs.

ChildFund is working with the Kenyan government to ensure a greater number of children can enroll in pre-primary education, and we have invested in the construction of additional classrooms and dormitories to expand educational opportunities for children. The Kenyan government has made a commitment to make education one of its most urgent priorities.

---

Because of your partnership with ChildFund, there will continue to be increased access to quality learning environments for children under the age of 5, and instruction at a higher quality to give children in need the best possible start and the benefits that come with it.

For the children,

A handwritten signature in cursive script that reads "Anne Lynam Goddard".
